

"Far and Wide" is the cross-cultural missions and social justice arm of Parkerville Baptist Church. Our ministry "Far and Wide" is in response to Jesus' command to "Go and make disciples of all the nations" as well as the Bible's teaching regarding the poor and marginalized: "Let justice roll on like a river". "Far and Wides" strategic goal is to *"Actively partner with people and agencies joined in God's global mission and become increasingly involved in championing justice."* The two major areas of focus for "Far and Wide" are cross-cultural evangelism and social justice/aid and development.
